

Imp. NOTICE

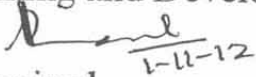

It is with Great Pleasure and delight I am hereby informing the Final Year Students of B.Tech.(All Branch), MCA and MBA that our "Training and Placement Cell" is organizing one Professional Training Program by "SKILL MATTERS, Hyderabad" in our campus. This is a wonderful opportunity for our students to get ready to update and upgrade their knowledge for facing Campus Interviews which will be followed after the Training.

This training will be for seven days at a stretch from 12th to 18th November. Everyday timing will be from 10 am to 5.30 pm. Detailed about Batch formation, Class schedule, Topic coverage and Trainers details will be informed by T&P Cell in due time. During This period the final year regular academic classes will remain suspended.

As informed you earlier because of huge expenses involved in the training, which college is bearing, still students need to deposit Rs.1000/- each before 8th November 2012 in T&P Cell and get their names registered. **Needless to say this Training is Mandatory for all final year students.** If anybody misses or ignores this, will have to give in writing that he/she is not interested to participate in any short of Campus Placement activities for the year.

Finally, Dear Students Please remember "If you have Eight hours to Chop a tree spend six hours in sharpening the axe" So optimize you interview cracking potential through this training.

In case of any query in this regard please feel free to contact our Training and Development Officer.
